220+
SOLUTIONS
FOR OSHA TABLE 1 COMPLIANCE

OSHA COMPLIANT
1926.1153

*According to the Center for Construction Research and Training

INDUSTRY STATISTIC

27.5%
OF NON-FATAL INJURIES
ON THE JOBSITE ARE A
RESULT OF OVEREXERTION
& BODILY REACTIONS*

CONTROL

DEWALT has designed products with integrated control features that help users in the event of bind up situations.

E-CLUTCH

The Anti-Rotation E-CLUTCH® System helps minimize sudden torque reaction in drills by detecting the motion of the tool and shutting it down in bind-up situations

KICKBACK BRAKE

Kickback Brake™ engages with maximum force to quickly stop the wheel and shut off grinders when a bind up occurs.

VIBRATION

SHOCKS

The SHOCKS Active Vibration Control® System reduces vibration felt at the handles compared to hammers without this feature

*According to the Center for Construction Research and Training

TOUGH ON SAFETY

SAFETY WEEK MAY 2021

UPDATED TOOL CLEANING GUIDES

The way we work is changing, but our commitment to service isn't. DEWALT is here to support you through evolving situations, rules, and safety requirements. We have you covered with the informative materials below that will guide you through the proper way to clean and sanitize tools on the jobsite.
